

# HOW TO PUT ON, USE, TAKE OFF, AND DISPOSE OF A MASK:

1

Welcome!

Before putting on a mask, please wash hands with alcohol-based hand sanitizer or soap and water.

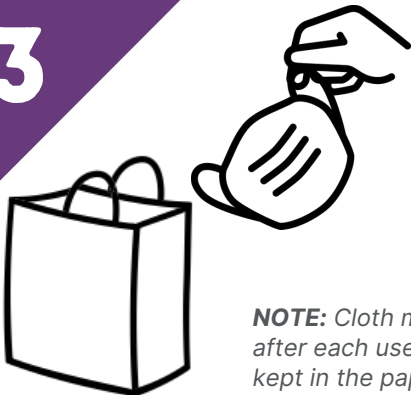

2

Be sure to cover your MOUTH and NOSE with the mask, and make sure there are no gaps between your face and the mask.

Avoid touching the mask while using it; if you do, clean your hands with alcohol-based hand sanitizer or soap and water.

3

Immediately following your visit, remove the mask (do not touch the front of the mask) and place it in the paperbag.

**NOTE:** Cloth masks should be washed after each use. Surgical masks can be kept in the paper bag until your next visit.

4

Wash hands with alcohol-based hand sanitizer or soap and water after removing the mask.

Please bring your mask along with you to your next visit!
